Hi Amy,

Hope you're having a great Friday. Just forwarding along this email I received for Conservation that it doesn't look like you were copied onto. I hope you have a great weekend!

All the best,
Chris

Subject: Preconstruction Notification for Eversource's "Lines 1231-1242 Reconductor and Structure Replacement Project"

Good morning,

I am writing to notify the Deerfield Conservation Commission that work for Eversource's "Lines 1231-1242 Reconductor and Structure Replacement Project" will begin in early November. This phase of the project will include the installation of erosion and sediment controls and Right-of-Way access efforts.

Please feel free to reach out to me with questions or concerns.
