

Senior Housing Site

This neighborhood encompasses our re-imagined Municipal campus (1) where subsidized Senior Housing (soon!), Town Hall (exists+planning), Senior/Community Center (exists+planning), Library(exists, expanding), and Elementary School (exists, improving) are transitioning to an accessible, multi-generational campus. Outside the campus, we have subsidized housing (2), SRO housing (3) local merchants (4), developing businesses (5), Town Common(6), bus stops (7), bike trails (8), Park (completion 2023) (9) and residences.

Our neighborhood abuts the Whately commuter lot (10), and we are designing for more bike trails.
