

# Good Vision Care Looks Beyond Eye Health

A routine eye exam is important for everyone. But it's essential for the 1 in 11 people in America who have diabetes.<sup>1</sup>

Diabetes not only comes with a greater risk of vision-related complications such as glaucoma and cataracts—it's also the leading cause of blindness in adults.

Our Enhanced Diabetes Eye Care Benefit gives members with type 1 or type 2 diabetes a renewed perspective. We provide access to in-depth eye care and exams, to help minimize the vision-related complications of diabetes.

## Our Enhanced Diabetes Eye Care Benefit

Includes up to two diabetic eye exams and diagnostic testing every 12 months, at no additional cost.<sup>2</sup>

Diagnostic tests may include gonioscopy, extended ophthalmology, fundus photography, and scanning laser (offered at the provider's discretion).
